AGENTTECH

INSURANCE CALL CENTER PLATFORM

The #1 AI-Powered Insurance Dialer

Inbound queues, outbound dialing, AI compliance scoring, and a built-in CRM. One $50 license per seat unlocks every feature; calling, texting, and AI are billed by usage.

Everything an insurance call center needs, in one browser tab.

Advanced queue architecture

Publisher, global, standard, and external queues. Skills, state licensing, and priority decide who gets the call, in real time.

Calling and texting

Five dial modes, click-to-dial from the CRM, two-way SMS, transfers, conferencing, recording, and voicemail.

AI compliance scoring

Every recording scored against Medicare, ACA, and TCPA rules plus your own questions. 100% coverage, no sampling.

Transcription and AI Sales Coach

Live speech-to-text on every call, with talking points and objection handlers while the agent is still talking.

AI voice agents

Receptionist, qualifier, outbound, and AI Mock Calls for training. Warm hand-off to a licensed agent with the transcript.

Built-in CRM

Contacts, calendar, callbacks, and the full interaction timeline, included in the seat. No second subscription.

$50 / seat / mo

FLAT LICENSE. NOTHING TIERED.

- Every platform feature and the CRM, unlocked on every seat
- Usage from a prepaid wallet: calling $0.025/min, transcription $0.50/hr, AI Mock Calls $0.15/min
- No setup fees, no hardware, no PBX. Any modern browser and a headset.
