Voice agents that answer, qualify, follow up, and *train*.

AI Voice Agents inside the contact center. They hand off to a licensed agent on AgentTech Dialer, with the full transcript, and every conversation is recorded and scored like a human call.

Four agents, one seat.

Run them on your existing queues. Unlocked on every $50 seat and billed by the minute.

Receptionist

Answers every call 24/7, greets by campaign, routes by intent and state, books appointments, and takes messages after hours.

Qualifier

Asks the qualifying questions, checks eligibility, and warm-transfers ready prospects to an available licensed agent with the transcript attached.

Outbound

Appointment reminders, follow-ups, lead nurturing, and callbacks placed automatically inside your calling windows.

Training agent

AI Mock Calls dial your agents as realistic prospects, drilling the exact skills transcription and compliance scoring flagged for each person. $0.10 per minute.

Compliance-first by design

- Every AI conversation recorded and transcribed
- Warm transfer with transcript, never a cold hand-off
- Scored against the same ruleset as human calls
- Calling windows and consent rules enforced automatically

24/7
COVERAGE WITHOUT ADDING SEATS

- AI voice billed per minute from your prepaid wallet; AI Mock Calls $0.10/min
- Unlocked on every $50 seat alongside AgentTech Dialer, the CRM, and compliance scoring
- Live in days on your current numbers and queues. No setup fees.
