AGENTTECH

THE CONTACT CENTER

The AI contact center built for *insurance telesales*

AgentTech Dialer, AI Voice Agents, and AgentTech MCP on one $50 seat. AgentTech 360 runs the FMO. Calling, texting, and AI are billed by usage.

The contact center, in one browser tab.

Advanced queue architecture

Publisher, global, standard, and external queues. Skills, state licensing, and priority decide who gets the call, in real time.

Calling and texting

Five dial modes, click-to-dial from the CRM, two-way SMS, transfers, conferencing, recording, and voicemail.

AI compliance scoring

Every recording scored against Medicare, ACA, and TCPA rules plus your own questions. 100% coverage, no sampling.

Transcription and AI Sales Coach

Live speech-to-text on every call, with talking points and objection handlers while the agent is still talking.

AI voice agents

Receptionist, qualifier, outbound, and AI Mock Calls for training. Warm hand-off to a licensed agent with the transcript.

Built-in CRM

Contacts, calendar, callbacks, and the full interaction timeline, included in the seat. No second subscription.

$50 / seat / mo
